**The Kettlewell Room** is below the Guild Hall. It is accessible from the wide stairway on Mountain Ave: turn left at the top of the stairs, and then right through the paned glass door at the corner of the building. It is also accessible from Highland Ave Way (the one way street alongside the church). Halfway up Highland Way there are steps leading up to a large tree. Proceed to the right, around the tree, cross a small courtyard, down a short staircase, and left around the corner. Enter through the paned glass door at the corner of the building.

**The Chapel** is found near the corner of Highland Ave and Highland Way. Look for stained glass windows and the bus stop. You can access it directly from the staircase at the bus stop, or by walking through the Christian Education Building, which adjoins the Chapel.

**Piedmont Middle School**  
740 Magnolia Ave

**The Piedmont Middle School Music Building** From Oakland Ave going east (uphill), turn right onto Hillside. Veer left onto Magnolia, which runs one way alongside Piedmont Middle and High Schools. Continue on foot.

To access the Music Department, proceed down the steps from Magnolia Ave. These steps are between Millennium High School and Piedmont Middle School. Proceed down the second set of steps. Directly in front of you is the Music Building/Morrison Gym. It is red brick and concrete. Enter the double doors on the ground level and continue through the hallway.
